Description

Rock's Trailer Sales has a large selection of 12 ft dump trailers in stock from Homesteader, Carry-on, and Liberty industries. The 12 ft dump trailer is popular because it can carry a large amount of weight in a compact package to and from jobs.

This 12 ft Homesteader dump trailer is built using a tube steel frame and tandem 6000# axles with spring suspension and electric brakes. That gives this dump trailer a 12k GVWR. Built with a heavy gauge steel floor and 24 in high sidewalls it comes with equipment hauling ramps, d-rings, and tarp kit.

6000# Dexter Axles
