MSRP	\$12,999.00
Price	\$12,999.00

Description

Rock's Trailer Sales is proud to introduce the updated ATC 7 x 14 Raven Limited Cargo Trailer to the central Ohio market. Rock's has been a premier ATC dealer for over 15 years. We are proud to stock the Raven Limited as well as Quest line of trailers.

ATC Raven Limited trailers are built using state-of-the-art engineering techniques to produce long-lasting aluminum enclosed cargo trailers with robust designs. Dependability and quality are also standard in ATC cargo trailers because their aluminum is pound-for-pound twice as strong as industry-standard steel. It's also lighter, so your load is easier to tow with less wear and tear on your vehicle.

The 7 x 14 ATC Raven Limited Cargo trailer starts with an all-aluminum perimeter frame that is welded using a BuildPro(r) jig table. It is fabricated with 16-in on center floor, roof, and wall cross members for durability. It comes equipped with tandem 3500# Dexter electric brake axles with leaf spring suspension.

The exterior of the 7 x 14 ft Raven Limited Cargo trailer is .030 seamless aluminum skin with 24 in sloped v-nose. The door is 32-in wide with an RV-style lock. The rear ramp door is spring assisted with an extension flap for an easier transition to the ground. The front has a 24" aluminum tread plate rock guard. Then fenders are smooth aluminum. The lights are all LED.

Inside of the Raven cargo trailer has 3/4" Advantech engineered flooring with 3/8" walls and an LED dome light.
