Description

Rock's Trailer sales is a proud ATC aluminum frame cargo trailer dealer. Rock's is proud to introduce the new Raven limited line up to the Columbus Ohio market. The new Raven limited series features a sloped front design and all tube aluminum frame.

Customers love the 12 ft Raven limited cargo trailer because it gives them the capability to tow without a large amount of tow weight. 12 ft cargo trailers are popular options for hauling tools, golf carts, UTVs, motorcycles or lawnmowers.

The frame of the Raven Limited aluminum frame cargo trailer is an aluminum boxed perimeter frame with 16 in on center framing on the floor, walls, and roof. The roof is framed in for the option of adding a vent.

The axle is a 3500# Dexter leaf spring axle with ez lube hubs that is rated for 2990# GVWR. The frame is an A-frame that comes with a 2 in coupler and safety chains. Inside of the trailer has a 3/4" advantech engineered wood floor and 3/8th inch walls with LED dome lights and flo-thru vents.

The exterior of the ATC Raven Limited cargo trailer comes with .030 aluminum skin that is bonded together for clean body lines. The V-nose is equipped with a 24 inch aluminum tread plate rock guard. The fenders are a single piece of

smooth aluminum.
