Description

Rock's Trailer Sales has an excellent selection of cargo trailers in many different specifications. The Ez hauler 7 x 16 ft enclosed cargo trailer is a perfect solution for contractors, tin knockers, roofers, and home builders. This v-nose cargo trailer comes loaded with features aimed at professionals.

The frame of this 16 ft cargo trailer is aluminum tube frame that has 16 in on center cross members. The axles have been upgraded to 5200# axles for a 9990# gvwr. The side door is equipped with an RV style lock as well as a heavy duty door cam bar / hasp.

One of the stand out features of the Ez Hauler 7 x 16 contractor trailer is that it comes with rear barn doors that have stow-able heavy duty aluminum ramps. With the ramps stowed, you can get into tighter areas with a smaller footprint. With the ramps down you can easily wheel equipment or material in and out of the trailer.

The interior of the trailer is water impermeable treated wood. The exterior is .030 screw-less aluminum which makes it an ideal candidate for vinyl graphics. The roof is equipped with an aluminum ladder rack with a cat walk for easy access.
