Description

Liberty Trailers are commercial grade trailers made proudly in the USA. This 6 x 12 ft low pro dump trailer with tarp and ramps is perfect for hauling equipment to the job site or carrying material. This 6 ft wide by 12 ft long dump trailer is built using a c-channel steel frame with two 5200# Dexter axles with electric brakes both axles for a 9990# GVWR which translates to a 7200 lbs weight capacity.

This 6 x 12 ft hydraulic dump trailer uses a deep cycle battery with power up and down- which means less effort and more efficiency. The rear gate can be used to spread or open barn door style to load equipment.

Designed to be practical, this 6 x 12 dump trailer has tail lights that are built into the rear frame of the trailer which prevents users from knocking them off the trailer. The wiring harness is sealed to provide a lifetime of use.

Finance your dump trailer today and save money versus renting a dump trailer for hundreds of dollars a week. This 6 x 12 dump trailer can be financed for as low as \$240 dollars a month with zero down for 60 months.
